

# The Solutions Summit

## Influence the influencers

Join us as a visionary sponsorship partner

May 3-5, 2019  
WISDOME  
LOS ANGELES, CA

The WORLD'S  
LARGEST FORUM  
ON DIGNITY

The [World Dignity Forum](#) aims to uncover the DNA of Dignity and create a new narrative around how to embed it globally.

**We believe** that dignity is the foundation of full-spectrum wellbeing for individuals and the planet. It is a thread that connects every being on the planet and should run through every action we take.

**The purpose of the WDF** is to convene and showcase some of the most impactful solutions to the powerful challenges facing us in this new millennium - holding dignity at their core. Together we can transform the quality of life on our planet.

**Solution Visionaries and Game-changers, or 'Solutionaries'** as we call them, will share pioneering, practical tools and action courses to create a peaceful, abundant, and sustainable world. Areas of expertise fall under the key themes of ethics, economics, environmental, and existential threats. We believe that new answers and opportunities lie in the cross-pollination of people from a variety of sectors and the WDF will foster the birth of this new dignity

**WDF** will convene, collaborate, reveal and amplify the impact that these solutions will have on our daily life, as well as our planet mother earth.

**The WISDOME Immersive Art Park** will host our inaugural event. This new venue, located in Los Angeles, has five geodesic domes. It is dedicated to providing transformational experiences and unforgettable events, featuring state-of-the-art VR & 360 immersive audio and visual experiences.

**The inauguration of the WDF** will launch a program of national and regional events, as well as broadcast shows, social media engagement, PR and print media campaign in India building up to the World Dignity Forum 2020. Initially having been curated in India, our deep networks there provide us international media coverage.

**WDF** delivers 100M impressions on Broadcast and over 50M impressions on Digital outreach through our global partnerships and collaborators. We invite you to showcase your participation and support of this historic event and be part of this 100M outreach.
